Artful Arthur.
Young Arthur, the pride of the family, had been attending school all of six weeks and his devoted parent thought it was high time he should find out how things were running, relates Harper's Magazine. So he asked one afternoon:
"And what did my little son learn about this morning?"
"Oh, a mouse," Miss Wilcox told us

all about mouses."

"That's the boy. Now, how do you spell mouse?"

It was then that Arthur gave promise of being an artful dodger. He paused meditatively for a moment, then said:

"Father, I guess I was wrong. It wasn't a mouse teacher was telling us about. It was a rat."

WANT TO HAVE EAST ORR STREET PAVED

PROPERTY OWNERS HAVE
FILED PETITION WITH
COMMISSION

REASONS GIVEN

Why This Street Ought to Be
Paved—No Money is Now
Available for This Work.

A number of the property owners on East Orr street want their street paved and have accordingly filed a petition with the paving commission asking that the street be paved. The commissioners will discuss the question at their next meeting. Mayor Godfrey stated yesterday that until more money was available, which will probably be when the next tax assessments are made up, the commission will be unable to order any more paving work.

The petition reads as follows: STATE OF SOUTH CAROLINA, Anderson county.

The undersigned respectfully submit the following:
First, it is a self evident proposition that it is the purpose of the commission to extend paving on such streets in the city of Anderson as are subjected to the heaviest traffic and the most travel.

Second, we submit that East Orr street is one of the main arteries of the city. First, because it affords the direct travel to and from the eastern part of the city. Second, this is the street that leads to Midway, Beaverdam, White Plains, Whitefield, Williamston, Pelzer, and other communities—sections which contribute largely to the city's welfare as evidenced by the vast amount of travel between these communities and the city of Anderson. In the third place, a large percentage of the cotton, to the cotton platform and standard warehouse and from these points to the various mills, is hauled on this thoroughfare. The largest lumber concern in the city is also located on this street and contributes its constant and heavy traffic. Finally, this street serves as the National Highway between northern and southern cities via Anderson, S. C.

In conclusion we would sum up the facts that the traffic is heavier on this street than on any other street except Main and the possible exception of West Market, and that the automobile travel is equal to that of any other street in the city.

We therefore insist that the commission do give the petitions of the real estate owners on this street, due consideration at the proper time.

FORMER ANDERSONIAN ELECTED SECRETARY

R. D. Williams Head of Y. M. C. A. in Chattanooga—Papers Give Full Account.

The friends of Mr. R. D. Williams formerly of this county but now of Chattanooga, Tenn., will be glad to learn that he has been elected secretary of the Young Men's Christian association of that city, according to accounts published in a Chattanooga paper. Mr. Anderson was formerly a ward of Mr. T. T. Wakefield and borrowed money with which to receive his education. Since that time he has exerted every effort to make a success in life and his friends hear will read with interest the following:

R. D. Williams is now general secretary of the Central Y. M. C. A.

He was chosen unanimously for that post today at the regular meeting of the executive committee of the local Y. M. C. A.

Mr. Williams had resigned his post of assistant secretary in Chattanooga so as to be able to take up an offer from the Atlanta Y. M. C. A. But when C. A. Tevbaugh, for a long time local secretary, resigned in Kentucky, demand for Mr. Williams' succession to the post vacated by Mr. Tevbaugh was overwhelming.

One petition which was circulated among members and asked for Mr. Williams' appointment secured a total of 700 names. This strong demand so impressed the executive board that it at once got into communication with Atlanta.

A telegram received today from Atlanta officials by C. H. Ruston, president of the local Y. M. C. A., stated the Atlanta branch, though wanting Mr. Williams very badly, would surrender him to Chattanooga if he was made general secretary here.

This was done today at noon, and by a unanimous vote.

This vote is a fitting tribute to the long service and efficient work of the new secretary. It is also an indication that the local executive board is in touch with the demands of the member, and is ready to gratify them whenever possible.

Mr. Williams has had a rather

SOUTH MAIN STREET TO BEGIN TOMORROW

GRADING WILL START AS
SOON AS CHURCH ST.
COMPLETED

WITH OTHER CREWS

Work of Laying Asphalt is Going
Right Ahead on South Mc-
Duffie Street.

By night the grading forces will have finished Church street and tomorrow will begin the grading of South Main, the work beginning at Church street. As announced several days ago, the west side of South Main will be paved first to Morris street and then up on the other side.

The asphalt crew is at work on South McDuffie street, laying the binder and then the asphalt. After laying the binder for about two days they generally go back and lay the top surface.

The paving on South Main street will go right ahead since there will be nothing in their way. The street car track paving is far ahead and will doubtless stay there. After the grading is well underway the forces will follow with the concrete base, four inches in thickness. This will be followed by the laying of a sand filler and then the brick, which will be grouted or cemented, will be put down.

ARE VERY GRATEFUL

St. Joseph's Church Members Ex-
press Their Appreciation.

The congregation of St. Joseph Catholic church are most grateful to Manager Pinkston for the generous benefit performance given them at the Bijou, when the beautiful picture of "The Rosary" was shown on August 12th. Mr. Pinkston went to considerable expense and trouble to secure this rare picture for this charitable object and it is very deeply appreciated by those he favors.

Mr. Pinkston can always be counted on to do the kind and public spirited thing, and his patrons receive every courtesy at his hands. —Contributed.

meteoric rise in Y. M. C. A. circles: He has not been connected with the organization for more than four years, and yet in this short time he has arrived at a post of responsibility and influence unequalled in this city. He has been so long a resident of this city that he is nearly universally considered a local boy. His hosts of warm friends in Chattanooga are in his selection to the post of general secretary a deserved recognition of undoubted abilities and talents.

Mr. Williams was born near Anderson and was the ward of Mr. T. T. Wakefield. He went to Meridian, Miss., where he received his first education, and graduated in Meridian in 1910. The first work Mr. Williams did in any line was in Chattanooga when he went there in 1911 to take a position of office secretary of the Central Y. M. C. A. His four years of work there show him perfectly capable of taking the position of general secretary of the entire Y. M. C. A.

GREENWOOD PARTY HERE YESTERDAY

Inspected Street Paving and All
Expressed Themselves as
Being Well Pleased.

Five members of the Greenwood paving commission arrived in the city yesterday morning to inspect the street paving. It will be remembered that recently Greenwood voted on \$100,000 of bonds, the most of which will be used for street paving.

The party yesterday consisted of Mayor Hartzog, chairman of the commission, Aldermen Paul Ellis and J. B. Harris, and Messrs. H. V. R. Shrader and W. K. Cochran, citizens at large and all members of the commission. While here the party were shown over the paved streets, those being paved and the asphalt plant. All stated that they were well pleased with the work being done by the Southern Paving company.
